

The 15th Congress of Korean and Japanese Society of Pediatric Urologist

DATE

January 14, 2017

VENUE

Asan Medical Center Ballroom, East building 6th floor, Seoul, Korea

Invitation

Dear Colleagues:

It is indeed my great pleasure to invite all of members and participants to the 15th congress of Korean and Japanese Society of Pediatric Urologist to be held on the 14th of January 2017, at the Asan Medical Center, Seoul, Korea.

We acknowledge your busy schedule due to your work and attending various other conferences. Since 1998, KJSPU meetings have created a space for co-operation between Korean and Japanese doctors.

At the KJSPU conference, knowledge is thoroughly exchanged through friendly interaction. In retrospect, this meeting influenced me when I was young by enriching my clinical knowledge. We hope that young professors attending this conference will develop long-lasting friendships with their Korean colleagues.

We also wish that through lectures and clinical reports conference attendees will share and discuss their ideas and curiosities. The invited speaker will be Akihiro Kawauchi of Shiga University, who has lots of experience with studies on minimal invasive surgery and at the case session we will discuss the various cases of minimal invasive surgery.

I hope that many people will come to Korea to share their knowledge and develop firm friendships.

Sincerely,

Kun Suk Kim, M.D., Ph.D.
ASAN Medical Center
Congress President
